

Charlie McCarthy's boats are Bananas!

Separate yourself from the bunch. Fast. With one of Charlie McCarthy's Banana Boats that will hurdle you 60 miles per hour, 65, and faster, if you're the racey type. And will also carry you comfortably for any type of pleasure boating. Whether your interest is our 24' (sterndrive or outboard) or our new 33' model with twin 454 Mercruisers and a double cabin, you're guaranteed high performance and custom construction, from engine and controls to fittings and gauges.

Banana Boats fit popular trailer sizes. With bimini tops or complete canvas, they can be converted for overnighting. From full V hull and hand-laid fiberglass to generous use of teak, stainless, fabrics and color, your Banana Boat is just that.
